## RIGID TINE CULTIVATOR

A versatile implement used for loosing and aerating the soil and preparing seed beds quickly and economically. It is useful for subsoil cultivation and also eliminates the use of plough even for hard soils.

The Duck Foot Shovel version is ideal for surface cultivation i.e. shallow cultivation and interculture.

### FEATURES

- Three point mounting.
- Robustly constructed multipurpose tillage implement.
- Adjustable Tine setting.
- Easy Maneuverability.
- Finger tip depth control through draft control lever of hydraulic system.
- All Steel Construction.
